Subject: RE: EPA Request for Information and Documents to Emerald Services for East Waterway OU of Harbor Island Site

Hello Timmery,

It would be better for EPA to receive the entire submission at one time.

Thank you,

Richard

Hi Richard,

I understand you were working with Stephanie Mealey on this request. Stephanie's last day with Clean Harbors was two weeks ago and I am finalizing this submittal. I am still waiting for one file from someone who is out today. Would you prefer a partial submittal today, or would it be possible to submit the complete response in a few days (most likely Thursday of this week?)

Thanks,

Timmery

Hello Stephanie,

EPA is amenable to an additional extension of time for Emerald Services to respond to the request for information and documents. Emerald Services must now submit its complete response to EPA by no later than August 31, 2020.

Respectfully,

Richard

Hi Richard,

As a follow up to the attached 104(e) request. We are still in the process of diligently locating all of the information and records requested in the notice, but foresee that we will require a bit more time in order to compile a complete response. We are attempting to obtain information/documentation from prior employees/agents as requested in the notice, which will likely take some additional time. In light of this, we would appreciate any leniency you are able to give us respect to the deadline for a response. Please advise if you can grant us an additional 30 days by which to respond to the letter (putting the new deadline at **August 17, 2020**).

In the alternative, we can offer what we have been able to accumulate to date, and provide the remainder of the information upon receipt.

Thank you in advance for any cooperation and I look forward to hearing back from you.

Best,

Stephanie

Subject: EPA Request for Information and Documents to Emerald Services for East Waterway OU of Harbor Island Site

Dear Stephanie Mealey,

Thank you for contacting the United States Environmental Protection Agency (EPA) about the request for information and documents that the EPA issued to Emerald Services, Inc. The request pertains to the

East Waterway Operable Unit of the Harbor Island Superfund Site and was issued by the EPA pursuant to the Comprehensive Environmental Response, Compensation and Liability Act.

Due to complications related to the COVID-19 pandemic, Emerald Services, Inc. has asked that the EPA provide additional time to respond to the request. The EPA is cognizant of many of the difficulties created by current conditions resulting from the COVID-19 pandemic and is therefore willing to provide additional time to respond to the request for information and documents. Emerald Services, Inc. now has until Friday, July 17, 2020 to provide a response.

All other aspects of the EPA request remain as stated therein.

Respectfully,

Richard
